

Child Care and Development Fund (CCDF) Performance Measures

<u>Long-Term Goal:</u> Improve the quality of child care for low-income working families			<u>Long-Term Goal:</u> Decrease the number of families for which child care is a barrier to work		
Long-Term Measures					
Increase the percentage of young children (ages 3 to 5 not yet in kindergarten) from families under 150% of poverty receiving regular non-parental care showing three or more school readiness skills.			Developmental: Reduce the percentage of TANF families with children that are exempt from employment participation because child care is unavailable to 1% by FY 2009.		
Data Source: National Household Education Survey, U.S. Dept. of Education ¹			Data Source: National TANF Database		
FY 2011 2001	Target 42% Baseline	Result TBD 32%	Year 2009 2002	Target 1% Baseline	Result TBD 1.5%
Short-Term Measures					
Increase the number of States that have implemented State early learning guidelines in literacy, language, pre-reading and numeracy for children ages 3 to 5 that align with State K-12 standards and are linked to the education and training of caregivers, preschool teachers, and administrators.			Maintain the proportion of children served through CCDF, TANF and SSBG as compared to the number of children in families with income under 150 percent of the Federal Poverty Level.

¹ Data available every two years.

² Data available every two years.

³ Measure was changed during FY 2006 budget process to reflect proportion of children served rather than number.

⁴ This target was originally 1%, but was increased to 10% in response to PART recommendations by OMB.
